

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Citizens of Hamlin will again be host to all of the Ex-Students who will return this weekend for Homecoming. We hope that their visit will be an enjoyable one and that everyone here will make them feel at home.

According to a news story out of Austin this past week Hamlin will receive nearly \$7,000 from the first quarter of the City Sales Tax. This represents the amount collected here during the calendar quarter of April 1 to June 30.

This should mean that the city will receive about four times this amount or \$28,000 a year in additional revenue from this new tax.

We suspect that the city fathers are going to find themselves in the same shape that most of us do when we receive a raise or get a refund check from the government -- by the time we get the money, we have already spent it three or four different ways.

There is little doubt but what there will be more demands on this additional money than there is money to go around. It will be up to the council to put first things first and put the money to the best use.

We feel sure from the statements of the mayor, Hollis Madden, and a number of councilmen that the first call on this new income will be raises for all city employees. And we certainly hope that this is the case. How they will spend the balance of the money -- if there is a balance will require some deep thought on the part of the city fathers.

Based on the figures released for other cities in the area of similar size we would say that Hamlin had a pretty healthy economy this past spring.

We have been waiting for some time now to take a picture of Bill Harbert's remodeled store. We wanted to take the picture with a sign on the front or take a picture as they put the sign up but so far he has not been able to secure the sign that he wants.

The reason that we mention this here is that at the same time we were going to congratulate him on his pretty new store which is a definite asset to Hamlin.

The other night when we were working late, we could not help but notice how nice it looked at night and decided that we would go ahead and express our appreciation for his faith in our town and say how much we think he has helped our block of downtown Hamlin.

Bill, when you get your sign we will still take the picture.

We received a statement this week from Rep. Frank Calhoun on the report of the Governor's Committee on Public School Education and we appreciate his approach to the matter.

He seems to feel that somewhere between the ideal situation and what we have now will probably be the position assumed by the Legislature.

He points out that the greatest problems will arise out of recommendations to increase the local school district's share of the cost through equalization of tax rates and valuations and also the consolidation of small school districts.

Calhoun said, "Certainly we should seek more efficient and economical local units but would it be proper to bus great numbers of students over great distances in some of our sparsely populated areas? Two hours a day or more on a school bus is hardly desirable."

We have to agree with him here and feel that the figures of 2600 students in a school district may be hard to come up with in West Texas. Probably an effort should be made to take systems like Hamlin with around a 1000 students and add to them to bring them up to around 1200 to 1500.

Pipers to Host Clyde Bulldogs Saturday

The Pipers will host the Clyde Bulldogs here Saturday night in their annual Homecoming tilt. The game will get underway at 8 p.m. in Piper Stadium. The Pipers will be going for their second win of the young season following their 31-7 victory over Rotan here Friday night.

The Bulldogs from Clyde fell to the Merkel Badgers in their opener Friday night, 39-0.

Coach Joe Youngblood said Monday night that the team was getting back into better physical shape and that Jerry Braley would be in the lineup this week and also Mike Brown should see action. He was not sure about Charlie Shira but thought that he might be ready by Saturday.

He told the Piper Booster Club Monday night that while Rotan did not have a real strong team they did have some good players and he was pleased with the play of the boys. He was also glad to see a number of younger boys in

action as many on the Junior Varsity were able to play.

Coach Youngblood told the Boosters that he felt our passing game looked better this week but did note that we need to work on our extra points. He added that work started on this Monday.

Coach Robert Brandon gave a scouting report on the Clyde Merkel game at the Booster meeting and said the Bulldogs operate from a pro-type offense with both ends split with a flanker set in the slot. He reported that they have a good passer in Stanley Allen, their 177-pound quarterback.

In his scouting report he said that with a couple of better breaks early he felt that Clyde could have given Merkel a lot of competition.

Anne Hayes and Gayle Wigington left last Sunday for Tarleton State College in Stephenville. Their parents are Mr. and Mrs. W. O. Hayes and Mr. and Mrs. C. O. Wigington.

Sales of Blind Made Pro-

ducts held by the Hamlin Lions Club in previous years have been most successful and Lion Reed expressed his confidence in another successful sale this year.

17 Attend Women In Concern Meet Tuesday Evening

Seventeen women, a record attendance, were present for the Tuesday evening meeting of Women-In-Concern, an informal discussion group. Mrs. Belton Hooper was hostess in the Fellowship Hall of Oak Grove Baptist Church.

Integrated churches in other cities were discussed, but the feeling prevailed that most people are happy in their respective community churches.

FROM THE FILES . . .

FIFTY-ONE YEARS AGO
(September 21, 1917)
(Files for fifty years ago missing)

At a meeting of the members of the Hamlin Volunteer Fire Company on Sept. 7th it was decided to disband and reorganize anew. This motion carried unanimously.

Motion carried setting the first Monday night in each month as the regular meeting time. A vote of thanks and appreciation was given unanimously to retiring Chief Rigdon Edwards for his past untiring efforts in keeping up the good reputation of the company.

Until last Sunday there has been but little interest taken in the Red Cross movement which is sweeping the nation from the large cities to the smaller hamlets all over the country.

As was announced last week, a meeting was held at the Tabernacle last Sunday afternoon to take up this work here. At the Sunday afternoon meeting steps were taken to organize. The town was laid off into districts and committees to see the people. At the Sunday meeting over 100 made application for membership. It is hoped that 500 names will be secured by Sunday at noon.

TWENTY-FIVE YEARS AGO
(September 17, 1943)

The Herald was too busy last week printing new cotton forms and stationery for the PRODUCERS GIN, to tell about Fed H. Britton selling his gin to a firm of thirty farmers.

As we get this move by the farmers, it is an independent set-up and not connected with the Farmers Cooperative Gin plan.

The new name as indicated above will hereafter be known as the Producers Gin. They have been ginning right along while formulating the trade.

Maximum prices for synthetic rubber tires and tubes have been established by OPA. In the main, they are the same as ceiling prices for corresponding tires and tubes made from natural rubber.

TEN YEARS AGO
(September 18, 1958)

County Agent Kirby Clayton this week estimated that Jones County farmers will harvest 35,000 bales of cotton this season for an estimated revenue of \$4,330,000.

This yield would be better than the average crop for the past 10 years, but only about one-third of the peak crop of many years ago.

The Jones County crop will be second only to Haskell County in the Central West Texas area, according to tabulations of the Abilene district office of the cotton control office.

Final plans for handling the big crowds expected to attend the fourth annual ex-student homecoming of Hamlin High School are being completed, declares L. C. Bond, president of the HHS Ex-Student Association, sponsor of the yearly get-together.

All Home exes are urged to pre-register as soon as possible.

There will be a pep rally Friday afternoon, October 3, in downtown Hamlin preceding the homecoming football game against the Winters Blizzards.

Hamlin's Pied Piper gridders lost a heart-breaking non-district tussle Friday night to a strong Spur Bulldog squad led by Joe Copeland who accounted for all four touchdowns to the tune of 28 to 18.

Coach Neil Laminack's Hamlin High School B squad got their season off to a good start last Thursday night on the Pied Piper gridiron with a resounding 48 to 6 defeat of the B's from Haskell High School.

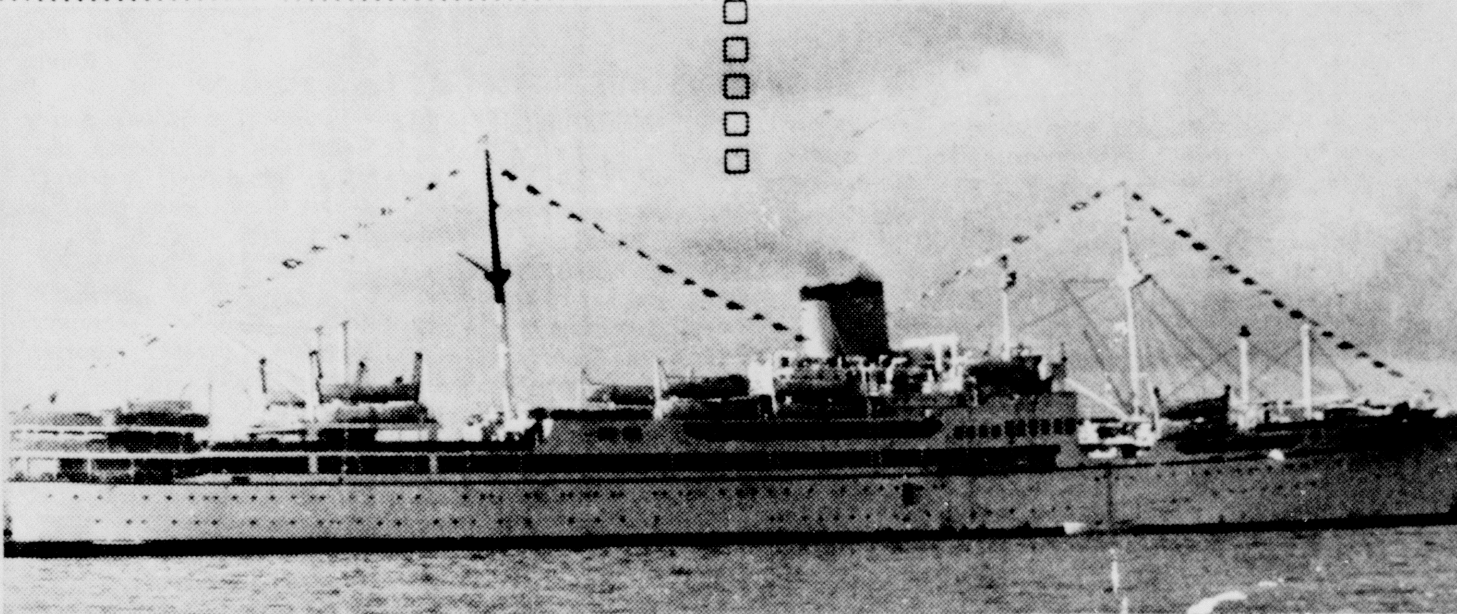

CRUISE IN THE OFF-SEASON

Although most people prefer to take their cruise during the peak of the season for all the glamour, excitement, and crowds it offers, others enjoy the quiet and restfulness of the off season cruise. Tourists are not present in such great numbers; interesting places can be visited more leisurely and at greater length.

Some people prefer to pray only when they are in church or at some great public gathering where the prayers are led for them. But our Lord said to pray in the "off-season." He

said, "But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly." The real joys of prayer are truly found when you are praying alone with God. The scripture says to be instant in season and out of season.

The church would encourage you to pray both in church and at home. Prayer can uphold, support, and strengthen our churches, ourselves, and our country.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Rotary Governor Urges Members 'To Participate'

In speaking to the local Rotary Club last Wednesday, District Governor Dr. Ike Harrison, dean of Texas Christian University, Fort Worth, urged all Rotarians to follow the suggestions of the Rotary International president "to participate."

The group was urged to participate in the local schools, city government, state and national government, youth organizations, churches and any activity that would benefit people as a whole.

He urged each one to remind themselves of the Rotary four-way test — "Is it the truth, is it fair to all concerned, will it build goodwill and better friendships and will it be beneficial to all concerned?"

"By applying these four questions to our own lives in relationship with others," the speaker said, "It could only build a better community and world in which we live."

BOLDEN GOES 28 YARDS FOR SCORE--Tailback Robert Bolden goes through a wide hole in the Rotan Yellowhammer line here Friday night and picks his way 28 yards for a second quarter score. The tally put the Pipers out in

front, 12-0, in a game that ended with the Pipers winning 31-0. Bolden was the top scorer of the night with three touchdowns. He also was the top ground gainer with 139 yards in 17 carries. (Photo by Tim Jones)

Pipers Roll Over Hapless Rotan, 31-7

The Pied Pipers opened up the 1968 football season with a bang here Friday night as they scored four times in the first half and went on to down the hapless Rotan Yellowhammers, 31-7.

Tailback Robert Bolden was the night's top point maker as well as the night's top ground gainer with 18 points and 139 yards in 17 carries.

Holding Rotan on downs following the kickoff, it just took the Pipers eight plays to

hit pay dirt with Halfback Gary Smith going over his left guard for the final eight yards. Big gainers in the 62 yard drive were Quarterback James Asher's passes to Smith for 10 yards and to End Ernest Ledbetter for 18 yards. Bolden ripped off a 21 yard gainer over his left tackle.

The extra point try was blocked. Neither team could put anything together for the remainder of the first period, but on the final play of the first quarter Asher romped

for 21 yards to open the second Piper scoring drive. This one took six plays to cover the 67 yards needed. Bolden crossed the goal-line from 28 yards out as he picked up some fine blocking after going over his right guard. The point-after try failed and the Pipers led 12-0.

Spencer Ford stopped the first Yellowhammer drive of the night when he intercepted a pass on the five yard line and returned it out to his 25.

It again took the Pipers six plays to reach pay dirt. This time the final 24 yards were covered by a pass from Asher to Ledbetter. Smith opened the drive with a 19 yard gainer and the combination of Asher to Ledbetter was good for 18 yards in the move down field. Missing the extra point again, the Pipers were out in front 18-0.

Near the end of the second period the Pipers moved the ball 60 yards in seven plays with Bolden scoring from the 30 with the help of strong downfield blocking. Bolden covered 55 yards in four carries in the drive with Smith adding 9 and Asher 11 yards as the Pipers had to overcome a 15-yard penalty in the drive. Missing a two-point try after the TD the Pipers led 24-0 with less than two minutes left in the half.

Following the kickoff, the Yellowhammers connected on

a 68 yard pass play from second string Quarterback Jimmy Gruben to Halfback Mickey Early. Walter Hargrove kicked the point after to bring the score at halftime to 24-7. Midway in the third period the Pipers put together their final scoring drive of the night as they moved 97 yards in six plays.

The drive started on the Hamlin three yard line following a Rotan punt that rolled dead at that point. On the first play Asher connected with Ledbetter again on a pass play that was good for 59 yards. Ledbetter carried the Rotan defender with him the final 20 yards of the gain. Bolden, Asher and Smith combined to move the ball on down to the Rotan nine with Bolden sweeping his right end for the tally. Guard Gil Lain kicked the point after to make the final score 31-7.

Playing against the Piper second and third strings, the Yellowhammers drove down to the Hamlin 21 yard line as the game ended.

NEWS FROM . . .

Sylvester

By MRS. R. M. BABB

We had a light shower Saturday; only 28 inches of rain but it was nice and cool for a couple of days. At this writing it is plenty hot but maybe it will cool off again soon.

Seems Roby really had a good time Saturday night when they beat Anson B team 60 to 0.

All the school boys and girls are in school or college by this time. Cindy Beck, Joyce Scott and Charles Hill have made their way toward Lubbock to attend Texas Tech.

Mr. and Mrs. J. M. Lanning drove to Houston and spent a few days with Jim's sister and family, the McKee Andrews.

Hey, have you noticed the new Chevrolet that the Alfred Douglasses are driving and then Jim Beck's new pick up?

Mrs. E. M. McCreight's sister, Mrs. Frank Eoff of Truth or Consequences, N. Mex. visited with her for several days.

We welcome the new residents of Sylvester. Mr. and Mrs. Ira Haile have bought the C. S. Robinson home and are planning to move real soon. Butch and Helen Scott have moved into the former Kinsey home.

Mrs. Carra Perkins is still in Lubbock helping Raymond to care for the children while his wife is in school in Dallas. Mr. and Mrs. Ross Douglas

enjoyed a trip to HemisFair last weekend in San Antonio. This week they are enjoying the granddaughter while their daughter and husband, Mr. and Mrs. Don Wright are seeing the sights in San Antonio at the HemisFair then on to Mexico City and other points in Mexico.

Our sympathy to the family of Bill Owen whose funeral was held last Thursday in Roby.

Members of the Baptist Church enjoyed a fellowship and grocery shower for the pastor after church on Sunday night.

Mrs. M. D. Douglass remains in Hamlin Hospital slightly improved.

Mr. and Mrs. W. B. Brown shopped in Sweetwater Saturday afternoon then enjoyed supper with their daughter and family, the Gerald Prathers.

Mr. and Mrs. A. J. Ford went to Marshall after a call from Lucille's sister, Aileen, telling her that her husband, Douthard Stevens, was very ill.

Melissa Hardwick went to

the Fair in Abilene with the Roby High School but was lucky enough to have her brother, John, bring her home so she got to stay longer at the Fair on Tuesday.

Guests in the Fred Turner home this week included Mr. and Mrs. Roy Collier of Brownfield and Mr. and Mrs. Jerry Turner of Texline.
